This is a five-part mystery pattern designed to be used to create a Quilt of Valor. In each part you will have some cutting instructions and some piecing instructions. In order to complete the quilt, you should have a basic knowledge of piecing and rotary cutting skills. Careful measuring, cutting, and piecing will ensure that you will be pleased with the finished product.

The fabric yardage requirements assume 40" of usable fabric after removing the selvages from the fabric. If your fabric differs from this measurement, either more or less, you might need to adjust the amount of fabric you purchase. The fabric requirements also allow for some extra fabric in case of errors in cutting or piecing.

Fabric Requirements for the entire quilt top – Finished size 68 $\frac{1}{2}$ " x 68 $\frac{1}{2}$ "

Background Fabric: 2-3/4 yards

Light in color (white, off-white, beige, very pale blue). May be a very small scale print or something that reads as a solid.

Dark Blue: 1 yard

Medium-dark to dark blue fabric; may have a small scale print or something that reads as a solid.

Medium Blue: 2 yards

Medium blue fabric; may have a small scale print or something that reads as a solid.

Note: This amount includes enough fabric for binding your quilt. If you wish to make your binding from a different fabric, you will need 1-1/2 yards of Medium Blue and 1/2 yard of binding fabric.

Red: 5/8 yard

A red fabric; may be a small scale print or something that reads as a solid.
