

## QOV® 7 Mystery

This is a five-part mystery pattern designed to be used to create a Quilt of Valor®. In each part you will have some cutting instructions and some piecing instructions. In order to complete the quilt, you should have a basic knowledge of piecing and rotary cutting skills. Careful measuring, cutting, and piecing will ensure that you will be pleased with the finished product. Measuring and squaring up units as you go along (sizes designated in the pattern) will help to ensure a better product.

The fabric yardage requirements assume 40" of usable fabric after removing the selvages from the fabric. If your fabric differs from this measurement, either more or less, you might need to adjust the amount of fabric you purchase. The fabric requirements also allow for a little extra fabric in case of errors in cutting or piecing.

**NOTE: This pattern has several processes that go against conventional pressing. Instead of pressing to one side or the other, you will be requested to press seams open in places. This is for ease in assembly later.**

The fabrics shown below on the left are the ones that appear in the instructions and are meant to help you with the instructions. There is space in the right-hand column for you to add a small piece of your fabric for each choice – not necessary, but often helpful.

### Fabric Requirements for the entire quilt top – Finished size 60" x 75"

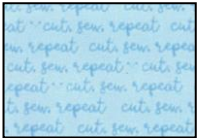

#### Fabrics As Pictured In the Instructions

#### Your Choice

**Background Fabric: 1-3/4 yards**

Light in color, white, off-white, tone-on-tone, but should read as a solid.

**Light Blue: 1 yard**

Light blue fabric; may have a small-scale print but it should read as a solid.

**Dark Blue: 2-1/8 yards**

Dark blue fabric; this may have a small-scale print or something that reads as a solid. Part of this fabric is used as the outer border. **NOTE** - If you want to bind in the same fabric as the outer border, add the binding amount to this amount.

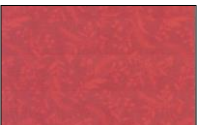

**Medium Blue: 1/4 yard**

Medium blue fabric; may have a small-scale print or something that reads as a solid. There should be good contrast between the Medium Blue and the Light Blue.

**Gold: 1/4 yard**

A gold fabric; may be a small-scale print or something that reads as a solid.

**Red: 1 yard**

A red fabric; something that reads as a solid.

**Binding: 5/8 yard – NOTE** - if you are binding in the same fabric as the outer border, add this amount to the Dark Blue fabric.
